MISCELLANEOUS TEMS.

The official report of Maje General Sir Robert Napier, detailing the orations of his army at Magdala in the captur of the place and the battle which preceded, explains the reasons which compelled him attack Theodorus' fortress after the prisons had been surrendered to him. Previous o the completion of this act—supposed to e all that was required from the late King—apier had received information that his Mesty was employed in reorganizing his scattred forces for another assault on the Queen army, and if Magdala had not been assaultecand the military power of the Abyssinian rur completely destroyed, the return march of te British expeditionary force to the coast wold have been rendered far more distressing ad dangerous than its advance.

MONUMENT TO GEN. SCOTT. - Messrs. Passmore and Meeker, of Newark, N. J., have completed a monument to be erected over the & Son's old stand. grave of Lieutenant General Scott, at West Point. The Newark Advertiser says: It is provided by the filial care of his daughters, and

is remarkable for its dignity and simplicity. It consists of a granite base, seven feet long, three wide, and one foot two inches thick. Upon this rests a single block of polished Italian marble. This block is six feet long, two feet wide, and two and a half feet high. It is a mere plain surface, except the inscription, which is in square, plain cut raised letter in part, and the remainder in plain Roman. There is not an ornament about it, not even a moulding to break the severe simplicity and solidity of the massive stone. The following is the inscription: "Winfield Scott, born, Dinwiddie County, Virginia, June 27, 1786; died, West Point, New York, May 27, 1866. History records his Eminent Services as a Warrior, Pacificator and General in-Chief of the Armies of the United States. Medals and an Equestrian Statue ordered by Congress in the Capital of His Country, are his Public Monuments. This stone is a mark of the love and veneration of his daughters. Requiescat in Peace.'

YOUNG MEN, Especially, who have become the victims of solitary vice, that dreadful and destructive habit which annually sweeps to an ultimely grave thousands of Young Men of the most excellent talents and brilliant intellect, who might otherwise have entranced listening Senators with the thunders of eloquence, or waked to estacy the living lyre, may call with full

Immediately cured and full vigor restored.

This distressing affection, which renders life miserable and marriage impossible, is the penalty paid by the victims of impropriety .-Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The System occomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, and Wasting of the Frame, Consumption, Decay and Death.

DR. JOHNSON, Member of the Royal College of Surgeons London, Graduate of one of the most eminent Colleges in the United States, and part of whose life has been spent in the hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE. Dr. J. addresses all those who have injured themselves by improper indulgence and soli-tary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage. These are some of the sad and melancholy effects produced by early habits of youth, viz:

Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.
MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil

Forebodings, Averson to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced: Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, neryous and emac:ated, having a singular appear-

ance about the eyes, Cough, and Symptoms of

Consumption.

YOUNG MEN, Who have injured themselves by a cer tain practice, indulged in, a habit fre quently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and, if not cured, renders marriage impossible, and destroys both mind and body. should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prespects and enjoyments of life by the consequence of deviating from the path of nature, and indulging in a certain separate behit. cret habit. Such persons must, before contem-

plating MARRIAGE, effect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view, the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of

another becomes blighted with your own.

DISEASES OF IMPRUDENCE. When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those, who from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin-bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful suf ferings, by sending him to "that Undiscovered Country from whence no traveller returns."

It is a MELANCHOLY FACT that thou sands fall victims to this terrible disease, owing to the unskilfulness of ignorant pretenders, who, by the use of that DEADLY POISON, MF R-

CURY, ruin the constitution and make the DR. JOHNSON, Office, No. 7, South Frederick Street, BALTIMORE, MD.,
